PRESS RELEASE

Windsor Unified to Offer Modified Summer School Program

Due to state budgetary reductions the Windsor Unified School District will be offering a modified summer school program for current students in grades 7 - 12. This smaller program will concentrate on those students needing full-credit makeup in English, math, history, science and physical education.

The program will be hosted at Windsor High School. Middle school students will attend from 8:00-11:45 a.m. starting June 8th ending July 3rd (four weeks). High school students will attend from 8:00 a.m.-1:15 p.m. starting June 8th ending July 10th (five weeks). The school lunch program will be available to summer school students. However, there will be no transportation services provided for any general education students.

Students and parents will be notified through their counseling department about their student's eligibility. This year's summer school offering is for full-time attendance only with no partial course make-up allowed. Students meeting partial course make up will need to attend night school in the fall, which will begin the first of September.

This program change is significant and should generate a \$30,000.00 savings in program cost.
